Dear Employer:

Re: Workers' Compensation Coverage

The Fremont Unified School District is a member of Alameda County Schools Insurance Group (ACSIG) for workers' compensation coverage. The provision to provide insurance coverage is authorized by Section 3364.5 of the Labor Code and was adopted by the Fremont Unified School District in 1982.

This coverage extends to students involved in work experience training programs in accordance with Education Code Sections 51769 (a) (b) and Labor Code Section 3364.5.

The coverage will not apply should the person or firm under whom the student is placed elects to provide workers' compensation coverage.

Should you have any questions, please contact Minh Vu, the District's Risk Manager, at 510-659-2588.

Sincerely,

Raul A. Parungao
Associate Superintendent
Fremont Unified School District
